To Whom It May Concern:

On behalf of Abbott Laboratories Russia, I would like to express our great satisfaction with the work ethics and professionalism that Office Solutions showed during all the stages of our new office project.

Office Solutions installed about 200 Steelcase workstations. The installation was highly professional and on time.

We would like to personally thank Andrey Chenchikov and his team for his input in the process of selection, ordering and installation of the furniture.

Based on our experience with Steelcase and Office Solutions we would like to recommend them to other companies planning to realize new office project.

Wish you good luck and success in the future,

Damien de Charry  
Finance Director
