To Whom It May Concern:

On behalf of UNILEVER Russia I would like to express my satisfaction with the services provided by Office Solutions. Since 2003 Office Solutions has installed about 300 work places in our new Moscow office. Because of the first-class job Office Solutions did on our new office project, we continue to use them to help us plan on-going moves within the office.

We would not hesitate to recommend Office Solutions to anyone who needs to solve their office problems on a high professional level.

Yours Faithfully,

Irina Balakireva
